Aircraft purchase agreement

Used aircraft | AEROINDEX | English | Non-binding sample

Important notice / scope

Non-binding model agreement for a used aircraft. Not legal, tax or aviation advice. Verify governing law, transfer of title, registration, liens, taxes/customs and escrow conditions with qualified advisers, especially for cross-border deals.

1. Parties

Seller / legal entity	_____
Seller address / country	_____
Seller identity / authority	_____
Buyer / legal entity	_____
Buyer address / country	_____
Representative authority	_____

2. Aircraft

Make and model	_____
Registration / tail number	_____
Airframe serial number	_____
Year manufactured	_____
Engine / propeller details	_____
Flight hours / cycles	_____
Aircraft location / register	_____

3. Price and escrow arrangements

Agreed price / currency	_____
Deposit / payment date	_____
Escrow provider / reference	_____
Banking method (verify offline)	_____
Proposed delivery date	_____

Payment is made only under a separate written escrow agreement with an appropriate provider. AEROINDEX does not hold customer funds. Release is subject to that provider's agreed conditions, verified identity and documentary checks, and any required approvals. Clicking a button on the website is not a substitute.

4. Condition, records and independent inspection

☐ Buyer may engage an independent, suitably qualified pre-purchase inspection provider.

☐ Seller makes the agreed technical and title records available for due diligence.

☐ Known damage, accident history, defects and liens are declared in writing.

Inspection provider / date	_____
Inspection scope	_____
Outstanding issues / remedies	_____
Defect schedule attached	_____

5. Title, encumbrances and lawful transfer

Seller's ownership and authority to convey title must be substantiated. Liens, finance interests, leases and other encumbrances must be disclosed and addressed prior to closing. Agree separately when title, possession and risk pass; aircraft registration alone may not determine ownership.

6. Delivery and documents

☐ Aircraft records, logs, maintenance status, airworthiness documents and manuals transferred as scheduled.

☐ Equipment, keys, avionics and known limitations listed and acknowledged.

☐ A signed delivery / acceptance record includes readings, supporting photos and exceptions.

7. Warranties, defects and disputes

Agree any warranties, representations, exclusions, liability limits, remedies, inspection rights, rejection and cancellation terms under the applicable law. Blanket disclaimers may be unenforceable. Escrow pause, refund or release conditions must be separately agreed with the provider.

Governing law / jurisdiction	_____
Express warranties / schedules	_____
Notice period for objections	_____
Cancellation / refund rules	_____

8. Schedules and signatures

- ☐ Aircraft identification and equipment schedule
- ☐ Inspection report and defects schedule
- ☐ Records inventory and delivery certificate
- ☐ Separate escrow agreement and terms

Place / date	_____
Seller signature	_____
Buyer signature	_____
